

Help Improve Firearm Restraining Order (FRO) Data Systems in Illinois

Seeking law enforcement, judges, circuit court clerks, state attorneys, & suicide and violence prevention organizations

We are seeking participants with a wide range of experiences to participate in a **one-hour interview** about the use of Firearm Restraining Orders (FROs) and any challenges you've experienced related to FRO data systems.

Your perspective will help us:

- **Identify FRO data system challenges** and opportunities for improvement
- **Understand what data you need** to most effectively use Illinois FRO laws
- **Improve criminal justice systems** and support safer communities across Illinois

To participate, email us at FROproject@umich.edu or scan the QR code.

If you have any questions about our study, email FROproject@umich.edu.
